Public Notice

Medicinal Preparations containing intoxicating ingredients are expected to be dispensed by retail pharmacies as per mandate of drug regulation. It has been noticed that certain medicinal preparations falling in the category of Psychotropic Substances are dispensed in violation to the terms and conditions of the provisions of Drugs & Cosmetics Act, 1940.

In the backdrop of above concern, the Government of Jammu & Kashmir issued instructions for mandatory installation of CCTV and Computerized billing system in the premises of pharma establishments. The enforcement staff is monitoring the supply and sale of various brands of formulations (mentioned in **Table-A**) available in the market.

Keeping in view the concerns of drug abuse in the UT of J&K, it has been decided to identify select retail pharmacies in rural / far-flung areas to the extent that there is no pilferage of medicinal preparations containing psychotropic substances from pharmacies for any purpose other than recommended medicinal use. This step has been taken as an abundant precaution and pharmacies are identified on the basis of their good standing as verified from their past performance:

TABLE-A

**Codeine-based cough syrups, Fentanyl and its analogues,
Buprenorphine injections, Tramadol, Alprazolam, Nitrazepam,
Diazepam, Lorazepam, Clonazepam, Zolpidem, and Ketamine in any
generic or branded generic or branded form, single ingredient or
Fixed Dose Combinations.**
